

Day Shift Test Technician

Full-time • On-site (Snoqualmie, WA)

Located in Snoqualmie, WA, Gladiator Technologies, LLC (<https://gladiatortechnologies.com>) (the “Company”) is a rapidly growing designer and manufacturer of high-performance MEMS inertial systems and sensors and systems for demanding commercial aerospace, defense, motorsports, and other commercial applications. Gladiator Technologies is experiencing rapid growth and is expanding its manufacturing and test teams.

Position Summary:

Perform environmental calibration on complex electronic, electro-mechanical, and mechanical subassemblies and end items within an advanced technology manufacturing environment.

Essential Job Duties:

- Maintains test and quality records associated with production testing and assembly per AS9100D / ISO 9001:2008.
- Perform both manual and automated tests on assemblies, end items and system level testing to ensure product quality and reliability in accordance with internal policies and regulatory and safety requirements.
- Perform environmental and calibration tests which may include:
 - Environmental conditioning
 - Temperature calibration
 - Sensor noise, bias and scale factor testing
 - Functional testing
 - Vibration and shock testing
 - Power supply sensitivity
 - Axis alignment and magnetometer calibration
 - Centrifuge testing
 - Visual inspection of various assemblies
- Assist engineering with test and evaluation of developmental products and support production transition from engineering into manufacturing.
- Maintains adherence to production, test and quality system procedures and processes with strong commitment to quality in everything we do.
- Performs all other related duties as assigned by Manager.

Qualifications:

- Previous experience is helpful, but we provide full on-the-job training.
- High school diploma or equivalency certificate.
- High proficiency in Microsoft Excel and Word required.
- Experience following written procedures or work instructions.
- Excellent verbal and written communications skills in English.
- Familiar with electrical test equipment (e.g., DMM, oscilloscope, power supplies).

Work Shift:

Standard work week is Monday – Friday from 7:00am-4:00pm with the potential of working overtime and weekends.

Location and Work Environment:

The position is full-time on-site in Snoqualmie, WA. Our work environment is fast-paced and requires team members to have mechanical aptitude and be detail-oriented, to learn quickly and have organizational skills, but most importantly to have a positive attitude and enjoy their job and the people they work with.

Compensation and Benefits:

The compensation range for this position is \$24 to \$32 per hour and is based on experience level, and credentials. The Company offers a competitive benefits package designed to attract and retain talent while promoting a healthy work-life balance, including:

- Annual 401k match.
- Medical, dental, and vision insurance.
- Life, AD&D, and long-term disability insurance.
- Variety of discounts for electronics/cell phones, financial services, childcare, groceries, travel, entertainment, and many more.
- Various voluntary insurance benefits like legal services, short-term disability, term life insurance, and many more.
- 12 days of paid time off (PTO) per year.
- 8 paid holidays throughout the year.
- Monthly cell phone stipend based on position and requirements of cellular usage.

Disclosures:

Gladiator Technologies is a drug-free workplace and an Equal Opportunity Employer (EEO) committed to creating a diverse and inclusive work environment where all employees are treated with respect and dignity. Employment decisions are based on merit, qualifications, and abilities without regard to race, color, religion, sex, gender identity, sexual orientation, national origin, age, disability, veteran status, or any other characteristic protected by applicable federal, state, or local law.

In accordance with the Americans with Disabilities Act (ADA), Gladiator Technologies is committed to providing equal employment opportunities to all individuals, including those with disabilities. If you need assistance during the application process, please contact our HR department to request reasonable accommodations.

Because this position requires potential access to technology controlled under the International Traffic in Arms Regulations (ITAR) or the Export Administration Regulations (EAR), the successful candidate must be a "U.S. person" as defined in the ITAR and EAR. In order to be a U.S. person for ITAR and EAR purposes, you must: (i) be a citizen or national of the United States; or (ii) be a lawful permanent resident (i.e., "green card holder") of the United States; or (iii) have been admitted to the United States as a refugee, or have been granted asylum, provided that you have applied for naturalization within six months of the date you first became eligible, and if not yet accepted, you are actively pursuing naturalization after two years from the date of your application.

How to Apply:

Apply online on Indeed, <https://www.indeed.com/>, or at Gladiator Technologies' Careers pages, <https://gladiatortechnologies.com/careers>. We look forward to reviewing your application!
